Fridays 11am—2pm
11/4 11/11 11/8 11/25 (8-2)

Saturdays 10am—2pm
11/12 11/26

How to draw a water Sample:

Use the outlet nearest the pump for a well water supply (not from the bottom of the pressure tank). Run the water for five minutes.

For a municipal water supply, use any outlet in the house.
Fill CLEAN bottle to the neck and cap immediately. Never use hot water.
Return the bottle to Bomberger's Store during water testing hours for an immediate water test.
